The New Zealand Health Design Council (NZHDC) is a network of professionals dedicated to advancing quality in the design, planning and management of New Zealand's health facility infrastructure.

A SELECTION OF LIVELY PECHAKUCHA-STYLE PRESENTATIONS

SHORT + SHARP

Developed by the industry, for the industry, NZHDC's conference is the best opportunity for you to share knowledge and experience, explore new ideas and concepts and to build strong relationships with colleagues across NZ's health design sector.

Our theme for 2017 is "beyond..." which is about challenging the norm, promoting new ways of thinking and doing, and encouraging us all to lift our game.
